

The Canadian Foundation for Economic Education partners with IDÉLLO by TFO to provide resources to French-speaking users.

The Canadian Foundation for Economic Education is pleased to announce its partnership with IDÉLLO by TFO. (IDÉLLO is resources for children's learning) which offers services to French teachers, students and parents across Canada.

IDÉLLO will also share some of our most requested financial literacy resources on its website. We will give them the opportunity to host our financial literacy webinars. In addition, we will share posts and information on our respective social media platforms.

"The Canadian Foundation for Economic Education is delighted to embark on a collaboration with IDÉLLO by TFO to help expand our capacity to help Canadians in these difficult times," said Gary Rabbior, President of CFEE. "As health issues tend to subside with successful vaccination, more Canadians are looking for ways to improve their finances and their financial health and, with the help of IDÉLLO, we will be able to increase the reach and impact of our programs."

We are pleased with this new collaboration with CFEE. Thanks to this agreement, IDÉLLO will be able to enrich its online catalog with the addition of relevant resources and tools on financial education intended for our Francophone and Francophile public, with a view to preparing the adults of tomorrow.
